NICHOLAS

Computer Science and Statistics Fresh Graduate

ABOUT ME

I recently graduated with a double degree in Computer Science and Statistics. I have a passion for expanding my knowledge and succeeding in this field. I am always open to new challenges and opportunities for personal development. Applying programming skills brings me joy and I am enthusiastically willing to collaborate with people with similar interests. I'm excited to apply and share the knowledge I've accumulated over the years to contribute to the ever-changing data and technology landscape.
